Call to Order 7:30 AM
by President Damon Shelor
Unison Prayer:

Lord, make us instruments of
your peace In this, our Kiwanis
family.

Help us be aware of the needs of our brothers
and sisters.
Where there is anger, let us show love
Where there is injury, let us offer pardon
Where there is despair, let us bring hope
Where there is darkness, let us be as light
Where there is sadness, let us be consoling
Where there is loneliness, let us bring people
together
Help us comfort one another
Help us understand one another
Help us to love one another
Show us how to be your people
We who are brothers and sisters
in this faith family
Amen

Care Pages

The club has setup a care page for Willard Baker at Tampa General. This website will allow you to know that is going on with Willard and his family. You can also leave messages for Willard and Doris. Doris is planning to read all the messages to Willard to aid in his recovery.

"Kiwanis is a global organization of volunteers dedicated to changing the world, one child and one community at a time."

Will's Humor Corner —

A study published in the journal "Neurology" says that people who snore are more prone to getting headaches. No reason is given.

My theory: It's because their spouses hit them on the head all night long trying to get them to stop snoring.

At the dentist's office for oral surgery, I was handed a couple of forms to fill out. As I signed the first one, I joked with the receptionist, "Does this say that even if you pull my head completely off, I can't sue you?"

"No, that's the next sheet. This one says you still have to pay us."
